- 

Our Services

GARDEN DESIGN

Samsapes, we design and implement your ideas, transforming them into beautiful water landscapes. In gardening, we have a wide variety of products that include:

- Flowers
- Trees
- Ground covers
- Herbs
- Fruits
- Soil
- Manure
- Grass
- Compost
- Natural fence
- Indigenous ceremonial trees
- Flower pots (pots, troughs)
- Baskets (hanging & rectangular)

LANDSCAPING

We transform your dreams into ideas, and then finally beautiful breath-taking gardens.

GARDEN CARE AND MAINTENANCE

After we transform your ideas into lovely gardens, we are there to ensure your garden grows and flourishes.

WATER FEATURES

Every great idea can be transformed into a flowing water fall! At Aquascapes, we offer creative water features.

HARDCAPE

Aquascapes asses at your needs and gives you solutions best suited for you. No job is too big or too small.

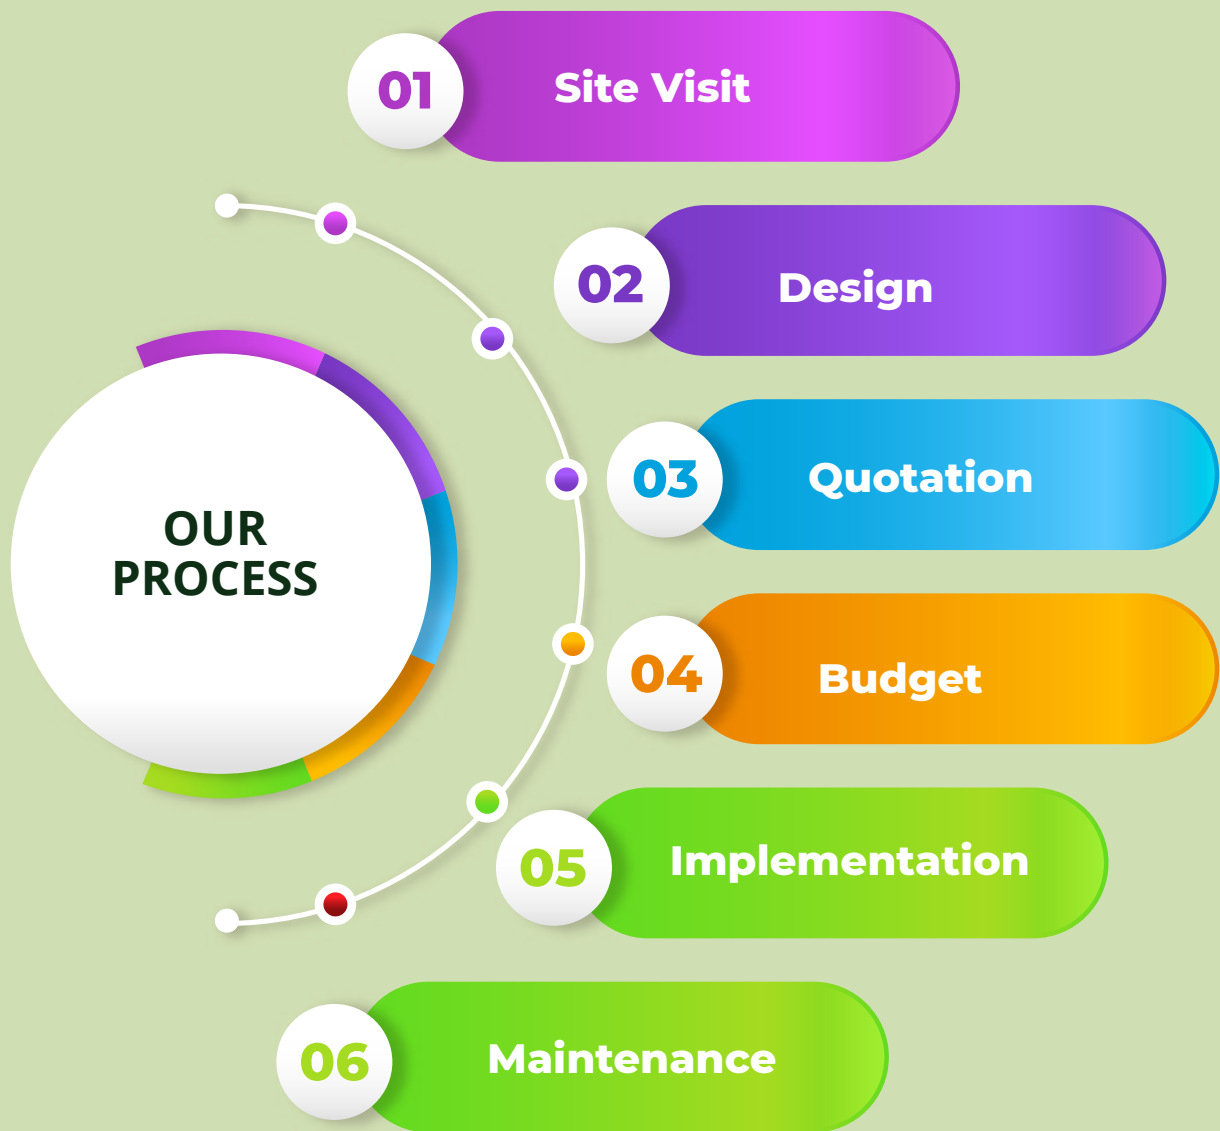

IRRIGATION

Nothing brings out more beauty like a beautiful landscape or evergreen garden during the dry season.
